NEWS FROM THE TOWN

Town Meetings scheduled for April in the Briny Breezes Community Center
April 22, 2021 Town Council Regular Meeting 4:00 PM

Town of Briny Breezes Planning and Zoning Board Appointments

The Town of Briny Breezes is looking for volunteers for the Planning and Zoning Board. Volunteers serve for a one-year term and can be re-appointed annually. Appointments will be made at the April 22nd Town Council meeting.

The P&Z Board is responsible for recommendations about the Town's comprehensive plan and the Town's land development code. The P&Z Board meets on an as-needed basis to make recommendations to the Town Council; they do not meet regularly every month.

The only requirement for P&Z board members is to be either a shareholder in Briny Breezes Inc. or a resident. Volunteers should be in Briny Breezes a good part of the year, but do not need to live here full time or be homesteaded and do not have to be registered to vote in Briny Breezes. Individuals interested in being appointed to the P&Z openings should contact Sandi DuBose, Town Clerk, at 561-272-5495 or brinytownclerk@yahoo.com.

April Household Hazardous Waste Tip

~ Rechargeable batteries can cause fires if put in recycling bins or the trash~

Throwing rechargeable batteries in a recycling bin or the garbage can put property and people's lives at risk. In fact, fires traced to lithium ion batteries have been reported at recycling facilities nationwide, and fires have started in garbage trucks.

These batteries power our cell phones, cordless power tools and even hover boards. According to [a recent Resource Recycling article](#), they have components that are flammable. The battery heats up when shorted or damaged, and when that happens, they produce oxygen, which facilitates combustion.

Fortunately, Palm Beach County residents can dispose of rechargeable (non-alkaline) batteries at any of the SWA's [Home Chemical and Recycling Centers](#).

Regular alkaline batteries (AA, AAA, C, D and 9 volt) can be placed in your garbage. But any other type of battery (rechargeable, nickel-cadmium, automotive, lithium-ion, cell phone, lead-acid) should be dropped at one of the [Home Chemical and Recycling Centers](#).

The SWA's locations closest to Briny Breezes are:

- **Lantana Central County Transfer Station**

1810 Lantana Road in Lantana

Monday - Friday: 7 a.m. - 5 p.m.

Saturday: 7 a.m. - 12 p.m.

- **Delray Beach - East**

South County Transfer Station

1901 SW 4th Ave. in Delray Beach

Monday - Friday: 7 a.m. - 5 p.m.

Saturday: 7 a.m. - 3 p.m.

In addition to these locations, many major retailers will recycle batteries for free, and have drop-off containers placed near the front of their stores. We're asking all Briny Breezes

FEMA Update

As many of Briny residents already know, the Federal Emergency Management Agency (FEMA) has issued preliminary Flood Insurance Rate Map (FIRM), December 2019. On April 9, 2021 and again on April 16, 2021 FEMA published a notice of the proposed flood hazard determinations and notification of the appeal process. The appeal process begins on April 17, 2021 and will continue for 90 days. Please note that the sole basis for such appeals is the possession of knowledge or information indicating that the proposed flood hazard determinations are scientifically or technically incorrect. Only appeals supported by scientific or technical data will be forwarded to and considered by FEMA.

All appeals and supportive scientific and technical data should be forwarded to the Town of Briny Breezes, 4802 North Ocean Blvd., Briny Breezes, FL 33435 or emailed to brinytownclerk@yahoo.com.

Sea Turtle Nesting Season Begins March 1st

Florida's beaches are important nesting areas for sea turtles, and the sand dunes are home to many unique plants and animals. *Please help protect Florida's sea turtles, other wildlife and the coastal habitats upon which they depend. The sea turtle nesting season in Florida runs from March through October on the Atlantic coast. During the sea turtle season, please remember a few simple things to help protect these magnificent creatures and their habitat:*

- It is against the law to touch or disturb nesting sea turtles, hatchlings, or their nests. Sea turtles are protected by both the Federal Endangered Species Act and the Florida Marine Protection Act.
- **If you see an injured or dead sea turtle, call the Florida Fish and Wildlife Conservation Commission 1-888-404-FWCC (3922) or *FWC from your cell phone.** Please be prepared to answer the following questions: What is the exact location of the animal? Is the turtle alive or dead? What is the approximate size of the turtle? Is the turtle marked with spray paint? (This indicates that the turtle has been documented.) What is the location of the closest access point to the turtle?
- Avoid going to the beach at night. If you must be on the beach at night, limit your walking and do not use flashlights or flash photography. The light may cause the female to abort the nesting process, or other sea turtles nearby may be discouraged from nesting if there are lights on the beach.
- Turn off outside patio lights and shield indoor lights from shining directly onto the beach by closing the drapes at night. Lights disturb nesting sea turtles and hatchlings. Please make sure your beachfront lights are in compliance with the law.
- While enjoying the beautiful beaches during the day, avoid disturbing marked sea turtle nests, and please take your trash with you when you leave the beach.
- When crossing a dune, please use designated cross overs and walkways. Do not climb over the dunes or disturb the dune vegetation.

SHARING IS CARING!

Last year, the Community Caring Center became part of a larger organization, Boca Helping Hands, to distribute food locally. They thank all of you for your donations last year. I will continue to drop off the food here in Boynton Beach where they distribute it from the church on Seacrest/Boynton Beach Blvd. If you have any food, cans, unopened boxes or unopened toiletries that you wish to donate, please leave on G-11 patio, in the box on the patio table. The center appreciates our donations which help supply groceries to local families. Also, kindly check the expiration dates before donating. Stay safe and healthy and we'll see you again next season! Thank you very much. Barbara Molina
