NEWS FROM THE TOWN

The Town of Briny Breezes will have meetings as follows:

Town Council: June 25, 2020 Budget Workshop Meeting 3:00 P.M.

Town Council: June 25, 2020 Regular Meeting 4:00 P.M.

Town Council: July 23, 2020 Regular Meeting 4:00 P.M.

Parking Permit Reminder

This is a reminder to all residents to be sure your parking decals and placards are current, not expired. Town Council passed a revised ordinance to clarify for our law enforcement officials what parking permits are required and where parking is permitted in town. Summer season is a time when we often see unauthorized vehicles parked in Briny Breezes for beach access, so a car without a current decal or placard may be ticketed.

Community Caring Center Food Collection

It's that time of the year again when our "snowbird" friends return to their homes in the north. You will be missed in Briny!

As you leave and are cleaning out your units, if you have any food, cans, unopened boxes or unopened toiletries that you wish to donate, please leave on my mother's (Ann Kimlicka) patio, G-11 Ruthmary in the designated box on the patio table. The center appreciates our donations which help supply groceries to local families. These items are needed now more than ever. Also, kindly check the expiration dates before donating. Stay safe and healthy and we'll see you again next season!

~Thank you very much, Barbara Molina

~ Ed Doyle, 616-835-1777

Paul Tarman (P201) It is with grieving hearts we share the passing of Paul. Paul died on May 20, 2020 in his home surrounded by family here and on Zoom and his loving caregiver, Joann. Paul had been battling congestive heart failure for some time and finally succumbed to it. Paul loved Briny and his porch at 201 was definitely his happy place. He loved playing Pool, Bingo, attending gatherings such as Happy Hour, Boaters and Fishers, Pool Parties, and the Bazaar. He often used these occasions as a venue to tell a joke, make comments, to impart some gem of his "Quirky" thinking. We can almost imagine him using this occasion to say, "unbelievable as it may seem, I have found a better place than Briny. When you get around to it I hope you will join me here." The celebration of Paul will be held later this year.
~ Therese Tarman and Family

Mable Louise Duncan (CD16) 5/12/23 - 5/14/20 (Humphrey) "Shorty" age 97 Briny Breezes, FL. Natural causes. Born in Malden, MO. Predeceased by husband, Matthew, and her brothers and sisters. Mother to Jeffrey M. and Bruce, 4 grandchildren and 5 great-grandchildren. Services will be announced at a later date.
The Duncan Family would like to express their gratitude: "We wish to thank everyone for their condolences and well wishes, upon the death of my mother on May 14th. She and my father loved this place and came here in 1975, buying a place in 1978. Part of "the Michigan crowd", from Spring Meadow CC."

Joyce Callahan "With a great deal of sadness, I have to tell you that we have lost, Joyce, wife of Jerry Callahan. Joyce and Jerry were long-time residents here in Briny until they moved to Janico Bay about 10 years ago. Many of you know that Joyce was an active member of the Hobby Club, Curtain Raisers and of course the Art League, etc. Joyce loved to walk the beach. You may remember Joyce's daughter Dawn and her husband Paul Bilodeau who worked for many of us at Briny and he &

Dawn played Ping Pong on Saturday nights. Our sympathy to Jerry and family at this sad time. A service will be held in Maine later this year. The address for Jerry Callahan is 13023 Janico Bay, Boynton Beach, FL 33436, (516) 353-5749."

From the Bugle Editor

I want to personally thank all of you, my wonderful Briny Residents in helping me to make it through my very 1st official "season" at Briny! Everyone has been so kind in your acceptance of me to your community and I am grateful. Although I have taken the place in the office of a very integral part of Briny, Christy, you have made me feel welcome. I appreciate your kindness, generosity, and most of all patience during this season. It was a crazy one for sure! I love it here and look forward to many seasons to come!

~~ Kindest Regards, Mary Turnbull

From the Desk of Donna

June 2020

Briny is now in the summer phase, yards are looking empty, homes shuttered, golf carts put away and gardens looking lonely. The COVID Virus has either caused many to rush out earlier than normal and just as many later than the norm. PLEASE be sure you have your homes buttoned up and ready for the Hurricane Season. It is supposed to be a busy one and if having 3 named storms already is an indicator, we best plan for the worst and hope for the best.

Speaking of the COVID-19 Palm Beach County is still working under the Phase 1 protocols. We can at least go to restaurants though they are allowing a limited occupancy, requiring masks, and using disposable menus. Every service and retail business has many rules of protocol, as do Community Associations.

We have been asked to place more chairs, lounges, umbrellas and tables at the pool and cabana area, unlock the gates at the beach. None of that is happening currently. We have opened the pool at the normal Briny hours but have a limit capacity of only 10 persons at a time.

The gates being locked at the beach has cut down on trespassers and we will have swipe card readers installed as soon as possible. In the meantime, you can only get to the beach through the Ocean Club house. Everyone should be wearing their badges at all times.

The Library has reopened with limited occupancy, as has the Gym, Hobby and Chiselers.

We have had a lot of rain in the past few weeks, which caused challenges for both sides of Briny. We did have a water main break on the seawall side of Mallard Drive, it caused a big washout between the seawall and homes. When water is standing on Flamingo or any of the streets for that matter please avoid driving through the water. Even a slow speed causes wakes that do damage to the homes.

Dog Waste stations have been installed and located at Bay and District 5, the middle of Dock Drive and at Pelican Point. Three more have been ordered and will be placed along old Ocean Blvd.

The office will be opening to walk ins on Monday June 8 at 10:00 am. Only one person at a time will be allowed in and masks are required. We have had the office, mailroom and laundry room sanitized professionally and will continue to do so weekly until the Virus has slowed down. Below you will see info on the company who is helping us. We have hand sanitizer in the lobby, mailroom, and laundry room. Plexiglass panels have been installed in the mail room and lobby.

Leigh Morrow, President

From the Desk of Leigh

I hope this message finds you all well and safe. The past few months have been difficult on everyone. However, at least now, we can go to the Beach! As of this writing the CDC still mandates that we can only gather in groups of 10 or less. The "hours of operation" restriction on the pool has been lifted but the number of people allowed at one time is still in force. The gates at the beach will continue to be locked with entry to the beach being through the OCH with a badge. There has been considerable reduction of trespassers on our porch since implementing this, so that's a good thing. In other good news, the Tiki fishing station has been completed and it looks great. If you haven't seen it yet, take a walk and check it out. So far this season, we have had 2 named storms! I hope this is not an indication of things to come. Please make sure to pack away all items that are not tied down as you ready yourselves to leave for the summer.

I want to leave you with this poem that was sent to me by Eileen Duffy. It is timely and appropriate:

WE ARE NOT IN THE SAME BOAT...

I heard that we are all in the same boat, but it's not like that. We are in the same storm, but not in the same boat. Your ship could be shipwrecked and mine might not be. Or vice versa. For some, quarantine is optimal. A moment of reflection, of re-connection, easy in flip flops, with a cocktail or coffee. For others, this is a desperate financial & family crisis. For some that live alone they're facing endless loneliness. While for others it is peace, rest & time with their mother, father, sons & daughters.

With the \$600 weekly increase in unemployment some are bringing in more money to their households than they were working. Others are working more hours for less money due to pay cuts or loss in sales. Some families of 4 just received \$3400 from the stimulus while other families of 4 saw \$0. Some were concerned about getting a certain candy for Easter while others were concerned if there would be enough bread, milk, and eggs for the weekend. Some want to go back to work because they don't qualify for unemployment and are running out of money. Others want to kill those who break the quarantine.

Some are home spending 2-3 hours/day helping their child with online schooling while others are spending 2-3 hours/day to educate their children on top of a 10-12 hour workday.

Some have experienced the near death of the virus; some have already lost someone from it, and some are not sure if their loved ones are going to make it. Others don't believe this is a big deal. Some have faith in God and expect miracles during this 2020. Others say the worst is yet to come. So, friends, we are not in the same boat. We are going through a time when our perceptions and needs are completely different. Each of us will emerge, in our own way, from this storm. It is very important to see beyond what is seen at first glance. Not just looking, actually seeing. We are all on different ships during this storm experiencing a very different journey. Realize that and be kind.

All the best, Leigh McMorrow, President
