

12/17/20

FYI—Pressure washing

Pressure washing on the sidewalks has begun this week and will continue through next week.

The maintenance crew will be working on Ruthmary Avenue and Briny Breezes Blvd. They will be coning off areas as they work.

We ask for your patience while they are working to make Briny a little more shiny. If you see that your parking space is coned off, *please* find an alternate space temporarily until the crew is finished.

We appreciate your patience.

The Briny Maintenance Crew and Office
