### Library News Jan Smith

Update from your local librarians. We continue to sequence books by authors last name and paperback versus hard-cover. Some large size paperbacks will still need to be shelved by hard-cover due to size, we also sort for duplicates and damaged books. Some authors will continue to have their own space due to volume. *So please leave all books to be restocked in the bin, we will take care of them.* If you are looking for something specific, leave us a note in the envelope in the bin and your contact information and we will do our best to assist you. Thanks and happy reading.

### Welcome back

Just a quick reminder Sunday January 7th will be the first Ice Cream Social. Again we will offer Banana splits, sundae's and scoops of hard ice cream. We have Hot Fudge, Caramel, strawberries, whipped cream, nuts with a Cherry on top!

There is a sign up in the Lower Rec: We really have fun. Ask those who have volunteered the past. Hope to see your name on the list at least once this season. I wouldn't mind seeing it more than once.

**Hola!**

Learning a new language is an easy and great way to exercise our memory and it is even better when we are

combining the exercise with having fun. And to allow as many people as possible to benefit from it, there will be two Spanish classes this year.

Starting January 8, every Monday at 3:30 p.m., there will be a 50-minute "very easy" Spanish class intended for people who have none or very, very little knowledge of Spanish. Each week, through exercises and games, we will learn the pronunciation and the meaning of a dozen words in Spanish. And since there is no order of learning in the "very easy" classes, you can easily decide to attend and participate in one or more classes, at any time during the season.

Of course, people with more knowledge of Spanish are also welcome to this course.

Then at 4:30 p.m., the 2nd Spanish class will follow, this time intended for people who already have some notions of the Spanish language. In this 2nd class, I will teach more advanced concepts such as grammar rules, verb conjugation, and as well, we will practice listening and understanding the Spanish language.

So come to have fun and feel free to join us at any time during the season.

Johanne,  
your Spanish teacher Lot 375 ☺
