

December 20, 2022

To. Outdoor Resorts Association

My name is Omar Gomez currently owner of unit 221 and 297.

I will like to apply as a new member and contributor to the upcoming 2023 election of board of directors by offering my knowledge and expertise to our beautiful community here at Outdoors.

I do hold an Active Masters degree on Mechanical and Air conditioning in the State of Florida since 2001 qualifying Omar and Son Services Inc for over 20 years here in our sunshine state. State License-CAC058553

My contribution to our community here at Outdoors.

I will be as an advisor on Mechanical machinery along with HVAC, electrical components and diagnostics.

Any potential breakdowns of any Mechanical, HVAC or Air movement equipment, I will be able to contribute to the best of my knowledge.

I can also be an advisor on electrical work, circuits and components.

Furthermore, with only one year here at Outdoors, I've been able to use my bilingual English/Spanish to socialize and meet great people from all over the nation and different countries.

Communicating with most of them understanding that rules and regulations are for one reason only to protect ourselves, our neighbors, and to all enjoy a better community.

Thank you

Omar Gómez

Unit-#221
